

This book can be best described in three simple words:wacky, exciting, different and brilliant (almost three words). Imagine a book with all the things in it that other books just dont or wont contain. Have you done that? If so, then this is that book.Boys and girls will either like this book or love this book. Wonderful and weird characters are waiting on every page. In this book you will meet them all, from a dog on a quiz show, to an ice skating centipede, destined for Olympic stardom; not to mention the poor unfortunate goldfish that cant swim. And I have a strong feeling his adventure has only just begun. So, do yourself a favour: turn over the book, read a few poems and enjoy!

One Day At A Time: 365 Thoughts to Inspire, Provoke and Challenge You, Fabrication, Properties and Applications of Low-Dimensional Semiconductors (Nato Science Partnership Subseries: 3), The Dreamers: A Play In Three Acts (1915), Best of Strangers (Second Chance at Love), The Black Tower: The Complete Series, The Tragedy of Pompey the Great, Nick Fury Agent Of Shield #16,
