

Claire Barclay has returned to the house in Scotland where she spent her teenage years. After the sudden death of her mother, Claire is concerned about the welfare of her much-loved and now frail stepfather, Leo. But his own, grown children seem more concerned about preserving their financial assets than their fathers health. Claire is desperately trying to avoid Jonas, the love of her life who broke her heart at just eighteen, but hes asking her to trust him again, on a matter of great urgency. Can she forget the past and put her faith in someone who once hurt her so deeply?
