

Often times God places us in a season of waiting. As stated in Ecclesiastes 3:1, there is a time for everything and a season for every activity under heaven. If God has told you in your situation to wait, do so and while you wait, learn, grow closer to God and seek out His purpose for the wait; it may be because there are some weights that are precluding you from receiving God's plan for you. God is looking for overcomers. Waiting produces that. It also gives you the chance to experience God's glory once you overcome. In this book, God will reveal to you some of the definite weights that are found in our lives that stop us from receiving from God until the weights are identified and dealt with, then we can receive from God what He has intended for us from the beginning.
