Life becomes complicated when the dead wont stay dead, in this stunning debut by Simon Spurrier. Michael Point doesnt seem anything special. He dresses conservatively, is thoughtful, methodical and well spoken. He also happens to kill people for a living. Its not about getting back at the world; for Michael its much simpler than that: Its All About The Money. But things are starting to get strange: his hits are coming back to life and trying to kill him. Is he losing his mind? Or is could it be that the things he sees arent delusions at all, but hints of a divine conflict: a heavenly war, sucking him in...?
