

Unemployed? Underemployed? Sick of minimum wage work? The goal of my book is to help you explore the possibilities in Substitute Teaching. **YOU DO NOT NEED A TEACHING DEGREE.** In many cases you do not need a college degree. But if you are a college graduate looking for work this may be the opening that has value to you. I wish someone had suggested this to me when I desperately sought work in my twenties. Or maybe you say no and would prefer to work at McDonalds running the hot fry machine while your sixteen year old boss shouts profanities in your direction. No? Then call Grandma and tell her you need a few bucks for my book and you'll be there on Sunday! **FEATURES OF VALUE TO YOU:** Written by a real substitute - not a teacher who observes subs. A sub that had real inner city experience. Good chapters on **DISCIPLINE & CONTROL** of classroom - not the usual bullshit in most books available. The chapter on maintaining order is worth the price of this book alone. If you get 1 idea from my book you will be ahead of the game and will not have wasted your time or money. (Or Grandma' money.) **SEX.** Yes, a chapter on Sex! This book is a How To introduction to substitute teaching in all levels of public education. It is not state specific and it addresses issues frequently skirted in other substitute books previously published.
