

Shunned by a fearful humanity because of their unique genetic makeup, the uncanny X-Men stand at the forefront of a misunderstood and maligned mutantkind. In *Captive Hearts* the X-Men learn the startling secret of the solitary subterranean dwelling Morlocks. Wolverine, most volatile of mutants, is despondent over his feelings for Jean Grey as she and Scott Summers grow close. Wolverine seeks solitude and peace among a distant Eskimo tribe until the deadly Sabretooth intrudes. In *Slave Island*, a prison paradise called Genosha is the setting for a tragic tale of the ultimate enslavement. Cable is the X-Men's only hope as he infiltrates this mutant concentration camp and battles alongside those yearning to be free.
