

The Cycle of Nine

The Cycle of Nine is one of the best representations of the New Formalist movement that has taken root in literary circles. Written by Juleigh Howard Hobson, an award winning formalist poet and Assistant poetry Editor at the highly respected Able Muse Journal, The Cycle of Nine brings a post-modern darkness to traditional form and meter resulting in a precisely loaded synthesis of old and new, charm and bleakness. The Authors nods to European and English myth and echoes of History grasp towards light, combine and contrast, ebb and flow with an organic rhythm and faultless style.
