

ReFrame

In his most personal work to date, E Dan Smith III opens his heart to us by sharing his powerful journey back to center to discover Success is Compassion. ReFrame builds upon the instruction presented in the Evolutionary Guidebook by providing us with the opportunity to reflect on our own lives and to understand that our challenges are in fact our greatest teachers and our losses our greatest medicine. ReFrame is compelling, articulate, touching and yet entertaining. It defines a new spiritual lexicon, encourages the clearing of shame, the evolution of forgiveness, and the critical need to honor ones inner truth. ReFrame assures us that when we are clear of shame, there is nothing to forgive. ReFrame will help you to clear your emotional debris and restructure your perspective on life, love, money and power. Give yourself permission to live your dreams with this powerful, practical and purposeful guide to honoring your hearts true desire and ReFrame your life.
