

Pedram Koohani is an adolescent Iranian boy. This book is the first volume of a set, which he is about to write successively. The concept he is try to convey through this piece of writing is that people are being embarked upon brand new ways of living. Although it evolves taking lots of risks on their way, it is considered to be the most crucial destiny of all creatures. Different people have different goals all over the world, and it makes them obtain different ways for achieving their goals; therefore, all people should go through new ways for achieving their own goals and shouldnt be scared of the risks.
