

# The Flash: Chronicles v. 1

Transformed by a lab accident, police scientist Barry Allen is secretly the Flash - the fastest man alive, and the protector of Keystone City! Follow Barry's first super-fast steps in this handsome new book, reprinting his stories sequentially beginning with Showcase Number 4, and introducing many of the villains who would become his legendary Rogues, including the debuts of the Mirror Master, Captain Cold and the Pied Piper! Reprinting rare, out-of-print and extremely hard-to-find comics, these thrilling adventures were created by comics legends including Bob Kanigher (Doom Patrol), John Broome (Green Lantern) and Carmine Infantino.
