

The Law and the Word

The Creative Process in the Individual scientifically explains the sequence of creative activity starting from the beginnings of life through the development of mankind. We each have a divine right of creation. Sharing in that divine power to create what is good will open up a wonderful vista of possibilities. Thomas Troward was an early New Thought writer who had an immense impact on those who would follow. Ernest Holmes, Frederick Bailes, Joseph Murphy, and Emmett Fox cited him as a major influence, and Genevieve Behrend was his student. It is impossible to over estimate his importance to the New Thought movement. His intense fusion of Eastern and Western philosophy is unmatched.
