

Along with Zane Grey and William MacLeod Raine, Charles Alden Seltzer is remembered today as an originator of what's often called the formula western. In it, a cowboy hero of sterling qualities, who is fast with a gun, meets and subdues a vicious villain. While this part of the story plays out, the cowboy also wins the heart and hand of a pretty sweetheart. The Two-Gun Man has all these elements firmly in place. The story is told with few complexities of plot or character. It is set at an unspecified time in the open ranges of the Southwest, somewhere in the neighborhood of Raton and Cimarron, New Mexico. The central character, Ned Ferguson, arrives in a small desert settlement. He's been sent for to find and dispose of rustlers who have been decimating the herds of a cattleman named Stafford, who runs a spread called the Two Diamond. (Previous from:

He was a prolific author of western novels, had writing credits for more than a dozen film titles, and authored numerous stories published in magazines, most prominently in Argosy. Seltzer was born in Janesville, Wisconsin, the son of Lucien B. Seltzer and Oceania Hart of Columbus, Ohio. Before becoming a successful writer, he was variously a newsboy, telegraph messenger, painter, carpenter and manager of the circulation of a newspaper, building inspector, editor of a small newspaper, and an appraiser. He married Ella Seltzer, and they had three sons and two daughters. His son Louis, later editor of the Cleveland Press, recalled that the family was quite poor when his father was struggling to break into the writing profession (he wrote two hundred stories before receiving an acceptance). During this time, Seltzer's wife brought him wrapping paper from the butcher to write on. In addition to Argosy, Seltzer's work also appeared in Adventure, Short Stories, Blue Book, The Outing Magazine, Western Story Magazine and the US edition of Pearson's Magazine. Seltzer wrote his westerns from the experience of five years living in New Mexico. Towards the end of his life, he was also elected mayor of his home-town, North Olmsted, Ohio. * This e-book is a true representation, from a high-definition scan of a pre-1923 print version of the book. Unlike other e-copies of the book, it was not produced by using Optical Character Recognition (OCR). OCR-scanning old books is seldom, if ever, error-free. This often results in an e-book with many **, ^^, >> and typographic errors when OCR can't read the word or punctuation correctly. * True representation means that if there are typographic, spelling, or grammatical errors that the editor judges to have minimal impact on the book's comprehension, they have been preserved; otherwise, they were corrected. * In other words, no changes or as few as possible have been made to either illustrations or text in order to bring you an e-book that is as close to the original as possible.
